

ANOTHER PIONEER RESIDENT JUMBO DISTRICT IS DEAD

J. H. Hoopes, a resident of this city for a number of years, died at his home in the eastern part of town this afternoon after an illness extending over the greater part of the summer. He has not been a strong man since the accident which befell him a few years ago when he was thrown from a wood wagon and run over and this afternoon he was stricken in a peculiar way and Dr. McKie was summoned. As soon as he examined the patient he saw that death was inevitable and the family was summoned.

Mr. Hoopes leaves to mourn his loss a devoted wife, two sons, Joseph and Arthur, three daughters, Mrs. J. N. Reid of this city, Mrs. Charles Green of Oregon and Mrs. J. E. Thompson of Bodie, and a grandson, Charles Goulet.

CAVERN OF BLACK SAND

A Bishop, Inyo county, Cal. dispatch says: As the result of a blast yesterday in the Black Canyon mine near here, a long, narrow hole was left by the explosion and investigation with an iron rod discovered a chamber fully twelve feet in diameter. Every effort is now being made to open up a passage into the cavern, as a smaller one, similar to it, was found last week which contained dirt which assayed \$1116 per ton.

RIVAL POWER PLANT

RENO, Oct. 2.—California Gas and Electric will invade the local field with an electric company, according to the statements made here yesterday as the result of a trip of F. P. Ross, who examined a site near Vista Sunday for a power station.

Ross is a representative of John Martin, controller of the Northern Electric company which operates extensively around Chico and Marysville in California. Ross returned there Sunday night and he will make a favorable report on the resources of the Truckee river near here and the advantages of Reno and vicinity for a rival corporation.

According to Ross' assertions to Reno people who are associated with him in the project, the new concern will begin the establishment of a plant here and compete for the power sold to the business houses. A municipal franchise will be demanded of Reno and Sparks with the proposed understanding that the city can purchase at any time after ten years.

A dam will be built, according to the plans of Engineer Ross to create an enormous pressure over a fall of 20 feet on the Truckee near Vista. It is said that the river is capable of generating 1,000 horsepower at this point.

The sale of the Reno, Power Light and water company may not change the plans of the promoters of the new corporation. The firm is growing better here every year so that the capitalists are confident of profit when capital is invested.

Ah Sam of Dayton denies that he paid \$400 for the little Indian girl that was not wanted by her step-mother. He avers that the child was neglected and that he has taken care of her for four years.

Pittsburg capitalists are after the coal fields of southern Nevada.

Paul G. Lewis and family are moving into the Klein House on division street.

COOK WANTED—A cook is wanted. Wages \$35 per month. Inquire at this office.

Fred Semour, son in law of A. M. Ardery will be the cashier of the State Bank and Trust company at Blair, Nevada.

JUMBO DISTRICT IS GOOD

More capitalists are looking toward the Jumbo district and it will not be long before a regular town will be established there. Building is already progressing rapidly, all the new houses being put up in a substantial manner, very different from the usual method employed in mining camps.

Henry Heidenreich, who has interests there, has just returned from a visit to the camp and reports that the progress made in the past two weeks is surprising. The property owned by the Selby company is being improved to a wonderful extent and the prospects are exceedingly fine.

The company which has taken an option on the property owned by Heidenreich and his associates sent another representative here to investigate and he expressed himself as being perfectly satisfied with the showing made and there is every possibility that the deal will be consummated within a short time.

Jumbo will be a thriving town in less time than people imagine and as Carson City is the nearest supply point we shall benefit more or less from the prosperity of Jumbo.

BANK AT BLAIR

The State Bank and Trust Company, which has branches at Tonopah and Goldfield, announces that it will open a bank at Blair, the new camp of the Silver Peak district, within a few weeks. The institution will open with a capital of \$100,000.

POWER PLANT FOR LOOPE

RENO, Oct. 2.—An electrical plant is being constructed on the Carson river for the purpose of supplying the town of Loope and the Nevada Hercules Mining company with power. Yesterday J. E. Humphrey of Reno held a conference with a representative of the John Roebing Wire company of San Francisco and it is probable that ten miles of wire cable will be purchased for the power transmission.

Thirty men are at work on the power plant, according to Humphrey, the station will be rushed to completion. Five hundred horse power will be developed. The location of the plant is five miles this side of Loope and a metallic circuit wire will be installed.

Chas. Williams has been sent from Reno by Humphrey to begin the erection of poles for carrying the wires. In time the plant may be used to supply the ranches in the vicinity of Loope and also extended to the other Loope mines.

Rev. G. R. King was among the passengers from Reno this morning.

Robert Raftice, candidate for State Controller, departed last evening on an electioneering tour. He goes first to his home in Eureka.

Mrs. William Van Patten arrived yesterday from Sparks and is visiting her parents, Mr. and Mrs. Henry Bergman.

Grant Marsu and daughter, Miss Hazel, returned last evening to their home in Virginia City.

Miss Louise Sweeney visited her sister, Mrs. Geo. Lammon in Gold Hill last week.

SAVE MONEY ON PIANOS

J. D. Mariner is in this city in the interest of the Mehlin and Sons, and Sohmer pianos. Mr. Mariner ships direct from the factory. Can save you \$150 on a high grade piano.

Address Reno.

Judge DeHaven, of the northern California district, will be here October 22, and will hold a term of court at that time.

Work on the new library building is going forward rapidly.

OCTOGENARIAN IS SURPRISED

Last evening after the regular session of the Odd Fellows, the members were invited to assemble in the south hall where a delegation of daughters of Rebecca awaited them on important business.

Wondering what their amiable sisters could want of them at that hour of the evening they filed in and were greeted by the sight of a handsomely appointed table covered with good things to eat. Without prolonged discussion they accepted the invitation to be seated and partake of the feast.

Before the festivities had proceeded very far, Mrs. Margaret Furlong slipped slyly around to the place occupied by S. R. Noyes, and, mounting a chair made a short and appropriate address and crowned Mr. Noyes, the occasion of the coronation being the eighty-second birthday of the agile young man.

Mr. Noyes, as soon as he could recover from his surprise, made a witty speech, during which he was frequently interrupted by applause and laughter. The remainder of the evening was devoted to a general good time and everyone will ever have occasion to remember the octogenarian, and the celebration tendered him.

ORDERED TO CUBA

RENO, Oct. 2.—Captain Robert Brambila, commandant at the Nevada University for the past year, has been ordered to Cuba and left last evening for Newport News. There he will join the 27th regiment of regular infantry to which he has been assigned and will sail in a short time for Cuba. Captain Brambila's position as commandant at the university will be filled temporarily by Major George L. Scott, U. S. A., retired. Major Scott has a long military career and was retired last year, having reached the age limit. He is considered one of the most efficient officers in the service.

Captain Brambila is a graduate of the university and won his bars during the Philippine war where he saw much active service. During his stay at the university the cadet battalion has attained much in military development and he was considered one of the best commandants ever at the institution.

BIG FIND MADE

A big strike in the air 'Alarm has sent everybody out to the Voltaire district this evening to locate claims. The strike was not reported till late this evening but is declared to be a bonafide one.

Mrs. Geo. D. Oliver and sons arrived this morning from Hobart Mills and are the guests of Mrs. Henry Keyser.

Mrs. Frank McCullough, Jr., arrived this morning from Hobart Mills to attend the funeral of the late Harriet Wingate.

C. M. Cavanagh, captain of the prison guard, returned this morning from a trip to California.

H. F. Dangberg was an arrival on this morning's train continuing on to London.

MILLINERY. MILLINERY

Mrs. Henry Morrison of Reno will be in Carson City Monday and Tuesday with a full line of the swellest hats ever brought to town, and she invites the ladies to call and inspect these creations of the milliner's art. The hats will be on inspection at Mrs. J. H. Cowing's, 810 North Curry street, and Mrs. Morrison will be on hand to personally superintend the display.

Remember Monday and Tuesday, September 24 and 25th.

WIRELESS COMMUNICATION WITH HONOLULU

VALLEJO, Cal., Oct. 2.—Chief Electrician George Hanscom of the Mare Island Navy yard, has returned from the Farallones with his force of men, where a powerful wireless plant, sixteen times more powerful than the old one, has been installed. Great hopes are entertained of getting connection with Honolulu. Four men are left in charge and tests soon to be made are awaited with interest. Captain Geering, chief of the equipment department at Mare Island, will send Hanscom and a force of men to Eureka next week, to establish a wireless plant on the coast near that city.

WILL WORK EIGHT HOUR DAY

NE WYORK, Oct. 2.—Nearly 1,000 printers and others employed by the Methodist Book Concern, in this city, and Cincinnati will work on the eight hour day basis beginning on November 1. This announcement was made by Eron and Maine, agents for the company.

S. B. Cohen arrived this morning from the West.

STREET CAR ACCIDENT

SAN FRANCISCO, Oct. 2.—In a street car accident that occurred last evening, Dr. Randolph Croft Stoney, a well known physician of this city, was instantly killed and two other passengers were seriously injured.

Stand on the steps of a northbound Devisadero street car the three men were crushed by a car approaching in the opposite direction, which left the track at a switch said to be defective. Dr. Stoney's leg was torn from his body and he was otherwise injured. D. McKee and Clarence Howell were also caught between the cars, but both are expected to recover.

POWER COMPANY SOLD

RENO, Oct. 2.—New York capitalists have purchased the Reno Power, Light and Water company from President Mortimer Fleishacker and last night Fleishacker passed through this city on his way to Chicago where he will meet C. W. Walker of the local electrical corporation and complete the deal. The names of the New York purchasers could not be learned yesterday, but it is thought that they are the backers of a gigantic syndicate which will eventually control the Pacific Electrical company and the power of Nevada and California.

Included in the sale of the Reno Power, Light and Water Company is the Truckee River General Electric company, the American River Electric company and the Nevada transit company. The New York people will take over all these corporations and develop them. The price they paid, according to Fleishacker, is near \$5,000,000.

It could not be learned here last night if the new management of the Reno, Power, Light and Water company will effect the personnel of the officials here.

WARNING TO HUNTERS

I hereby warn any and all hunters that hunting upon any portion of the Cook ranch is positively forbidden. Anyone trespassing upon the grounds will be subject to a fine of \$20.

Mrs. Walter Cook.

Mr. and Mrs. Frank Golden are visiting friends in this city.

Mrs. E. B. Yerington is expected to arrive tomorrow.

The funeral of Miss Ellen Virgin took place in Genoa this afternoon, many attending from this city.

COUNTY FUNDS

The quarterly count of the funds of Ormsby County was made yesterday and it was found that there was \$32,006.57 in hand. The amount is larger than at any similar time in former years and is a safe index to the volume of business now being transacted in this section.

DUNAWAY ILL

RENO, Nev., Oct. 2.—T. R. Dunaway, Manager of the Nevada, California and Oregon Railway, will leave for Excelsor Springs, Mo., in a few days to take treatment for a stroke of paralysis that has rendered his right side almost helpless. Mr. Dunaway's condition is not serious at this time, but his friends and family are greatly alarmed. He is one of the best known railroad men in this section of the west.

Mrs. Andy Hamper's mother died in Pennsylvania on September 23. Mrs. Hamper reached home before she died.

Frank Rickey of Antelope valley and Miss Dolly Pitts of Bodie, were married Sunday at the home of the bride.

The electric light fixtures for the State Bank and Trust company are being installed today and they are exceedingly handsome.

The next attraction at the opera house will be the Tillie Oleson company for one night, October 26.

C. H. Asbury, superintendent of the Stewart Institute, has asked the board of county commissioners to change the county road so as to run at the rear of the Indian school in stead of in front as at present.

Mrs. W. F. Meffley of Reno is the guest today of Mrs. Robert Raftice.

FORMER CARSONITE DEAD

Word was received in this city yesterday of the death of Mrs. Mary Louise Wythe Dodge, wife of Rev. E. E. Dodge, formerly pastor of the Methodist Church in this city.

She had been ill but a brief time and death was entirely unexpected. She leaves, besides her husband, three sons, Dr. Clarence Wythe Dodge, Guy and Stephen Dodge, and one daughter, Ruth. The funeral took place yesterday afternoon from the Dodge residence, 88 1/2 Fourteenth street, Oakland.

Mrs. Dodge was well known in Carson City and was greatly beloved by all who knew her. She was a member of the Leisure Hour Club and her talented pen often was used in the interest of the club and to the entertainment of its members.

The youngest son, Stephen, has been afflicted for four or five years, the result of overstudy, and this has been a sore trial to the loving mother, who has longed and hoped earnestly for a change for the better in his condition.

MAIDEN'S BLUSH

The true state of the case is that they do not blush very much these days, being entirely too matter of fact, but that has nothing to do with the Maiden Blush apples that Nick Simmer has raised on his ranch west of town.

Yesterday he had for sale some of the finest apples of that variety ever displayed in the county. They are certainly beauties and the demand for them is almost greater than the supply.

The Nevada peaches have also been particularly good, having more of the old time eastern flavor than anything that comes from California.

DANCE AT EMPIRE

The young ladies of Empire will give a social dance at Wiggins' Hall October 5th, Friday evening, and all are invited to attend. The Dempsey orchestra will furnish the music.

DINING ROOM CLOSED

The dining room at Shaw's Springs has been closed to the public until further notice as it is impossible to accommodate outside guests until the new building is completed. Baths may be secured as before.

James Easton has practically recovered from his attack of paralysis, and is now able to be out again.
